

## Study trip to Japan for DFA members

Saturday 28 October to Sunday 5 November 2023

After several years of Covid-19 restrictions, we have now finally managed to carry out the trip to Japan that our members have requested. The provisional plan is to leave on Saturday 28 October and return on 4 November.

The preparations are in process and I can promise that it will be a particularly exciting and rewarding trip, with both professional and cultural content. It will include 5 eventful days, during which we will get around via fast trains and flights and visit both agriculture, companies and cultural sights in the exciting and distinctive country. We will have a local interpreter and guide with us on the entire trip, just as we will also meet people from the Danish embassy, representatives from large Danish and Japanese companies, as well as representatives of politicians/organizations in Tokyo.

We expect the price to be around DKK 30,000.

**Registration:** Do not miss this unique opportunity and send me a mail as soon as possible to the DFA secretariat at mail: [tom@axelgaard.org](mailto:tom@axelgaard.org), so that we can get an impression of the number of interested and start booking various hotels etc.
