## DFA HR ERFA-group met in Copenhagen in November 2023

The yearly event in the DFA HR ERFA group was held in Copenhagen ultimo November 2023. Having a meeting base at Goodvalley's DK office we shared experience around HR topics in all from data, artificial intelligence, recruitment, training concepts and not at least the role of HR as a business partner and the managers responsibility for his/her people.

We also visited the company Flügger to hear about their work with HR areas, a super inspiring and energetic meeting. We also managed to get a visit inside Tivoli's organization to hear about how they seen from HR perspective is running the great amusement park.

Finally, we also challenged our self - to literally get out of our comfort zone, and did ice-bathing 😊❄️, led by a super example of managing people in to change 🙌
