Teamleader of farrowing/reproduction section on the sow farm (Slovakia)

Brief job description:

Managing small team of 5-10 stable workers in insemination or farrowing section of one of the biggest sow farms in Slovakia. Planning, organising, controlling and execution of daily production routine from feeding, cleaning, moving, selection of pigs, giving medicine, helping with sow insemination and farrowings, etc. Teamleader works together with his/her people on daily shifts, it is not an office work. He/she reports to Farm Manager.

Requirements:

- min. 2 years practical work experiences in sow farm
- experiences from abroad are advantage (working on pig farms in DK, DE, UK etc.)
- previous experiences and ambition to supervise small team (planning the daily work, giving the tasks, checking the work done, giving FB, introducing and training of new people, etc.)
- willingness to work in stable together with other workers
- good command of some Slavic languages e.g. Slovak, Czech, Polish, UA is a must or Hungarian language in combination with active English
- ability to move and work in South/East Slovakia

We offer:

- responsible production teamleader work in well established Danish company in Slovakia
- permanent job with indefinite period contract
- attractive salary + accommodation paid by company
- further trainings in people management, farm production management and/or Slovak language (if needed)
