Resume DFA EEG Group 4 visit in Bulgaria

DFA EEG group 4 meet 25-26 May in Bulgaria, to visit AgroSip, which is a modern pig producer situated and operating in Bulgaria.

The owner of the company presented the AgroSip company and its story from getting the idea about developing a modern pig production to where the company is today, which is an impressive journey full of dedication, will and hard work, crowned with successful results.

The group was visiting one of the AgroSip pig farms, where the participants skilled eyes were searching for potential improvements, which were shared afterwards together with a bunch of tips and tricks across persons, companies and countries, which is the whole idea behind the ERFA groups in DFA.
