Danish Farmers Abroad

11. juli 2025

Tak for en god snak dags dato vedr. nedenstående.

Landbrugets Jobservice har formidlet Medarbejdere til landbruget siden 1994.

Vores primære arbejdsområde i dag er formidling af Landbrugsstuderende (Praktikanter) pt. fra Sydafrika, Bangladesh, Vietnam og Indien til dansk landbrug, hvor de er i praktik i 18 måneder.

Efter endt praktik-ophold vil de allerfleste rigtig gerne blive i Europa/den vestlige verden og forsætte deres karriere indenfor landbruget.

I Danmark er de beskæftiget med grise, kvæg eller gartneri.

Tanken er at Danish Farmers Abroad's medlemmer kan ansætte disse Praktikanter på deres landbrug, enten efter de har afsluttet deres 18 måneders praktikophold i Danmark, eller direkte fra deres hjemland.

Hvis for eksempel et medlem af Danish Farmers Abroad har behov for en medarbejder til farestald, så kan vi finde en Praktikant med gode anbefalinger fra den danske landmand samt med 18 måneders erfaring fra netop farestald.

Hvis ovennævnte har interesse, er medlemmerne meget velkomne til at kontakte mig på telefon nummer: 30 27 91 91 og/eller email: pt@lajo.dk

På forhånd tak.

***Med venlig hilsen
Peder Top***

Danish Farmers Abroad

July 11, 2025

Thank you for a good chat today regarding the following.

The Agricultural Job Service has provided Employees for the Agricultural Industry since 1994.

Our primary area of work today is the dissemination of Agricultural Students (Interns) from South Africa, Bangladesh, Vietnam and India to Danish agriculture, where they are on internship for 18 months.

After completing the internship, the vast majority of people would really like to stay in Europe/the Western world and continue their career in agriculture.

In Denmark, they are engaged in pigs, cattle or horticulture.

The idea is that Danish Farmers Abroad's members can employ these Interns on their farms, either after they have completed their 18-month internship in Denmark, or directly from their home country.

If, for example, a member of Danish Farmers Abroad needs an employee for farrowing barns, then we can find an Intern with good recommendations from the Danish farmer and with 18 months of experience from farrowing houses.

If the above is of interest, members are very welcome to contact me by phone number: 30 27 91 91 and/or email: pt@lajo.dk

Thank you in advance.

***Best regards
Peder Top***
