## WHY FARMLAND IN AFRICA?

### Why Aquaculture & Cat Fish?

- Aquaculture valued **at \$289.6B** in 2022, projected to reach **\$412.2B** by 2030.
- Fish makes up **40%** of Nigeria's protein intake, with 13.3 kg consumed per capita annually
- Nigeria faces a fish supply gap, importing **2.5M tonnes** annually.
- The **₦2.6B** catfish industry is vital but faces resource and regulatory challenges
- Nigeria is a key catfish exporter to the US, Europe, and the Middle East

### Why Agriculture & Ginger?

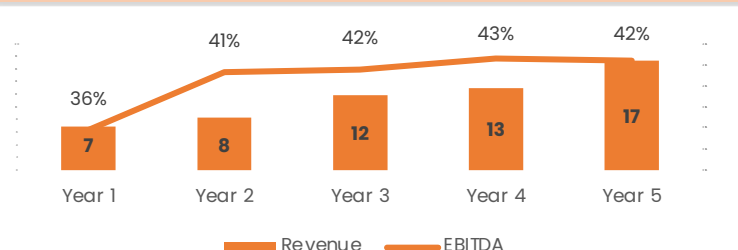

- Only 40% of Nigeria's 84 million hectares of fertile land is cultivated.
- Nigeria imports \$10 billion in food to bridge agricultural gaps.
- Nigeria's ginger is prized for its aroma, pungency, and high oil content.
- Nigeria contributed 14% to global ginger supply, exporting \$12 million in 2021.
